</tr>
<tr>

<td>Select this if you prefer to call in to the meeting audio with a phone. Use the conference numbers and ID in the invitation to dial in.</td>
</tr>
</tbody>
</table>

Do I need a PIN, work number or extension?
Not always. Most of the time when you call in to the meeting, you get connected right away. You only need a PIN and extension if:

- You’re the leader (Organizer) of the meeting, and calling from a phone that isn’t connected to your account; such as a cell phone.
- You’re an attendee, but the meeting is secured and you need to be identified before joining, (referred to as Authenticated caller).

When prompted, use your phone dial pad to enter your number and PIN.
If you don’t remember your PIN, click Forgot your Dial-in PIN in the meeting request and follow the instructions on the page to reset.
