

# 2019 UITS User Survey Summary

## IU-Purdue University Columbus (IUPUC)

### BRIEF GUIDE TO UNDERSTANDING THE DATA

The UITS User Survey is administered by the Center for Survey Research. Surveys were sent to 376 randomly selected people at Indiana University-Purdue University Columbus (39 Faculty, 17 Staff, 302 Undergraduate students, 18 Graduate students). Please note that respondents who reported in the first question of the survey that they did not use UITS systems or services were not asked any additional questions and were removed from the results presented here.

The questions on the survey are primarily Likert opinion scales (1-5 rating scales with 5 being the most favorable rating). Responses to open-ended questions (for example, Question 9) are not presented here. The results include:

- the **average opinion score** (generally labeled “Average (mean)”)
- the **percentage of people who were satisfied** with the service, **who found it helpful, who rated it as important, or who were aware** of it (rated as a 3 or higher, labeled “Satisfaction Rate”, “Helpfulness Rate”, “Importance Rate”, or “Awareness Rate”, respectively)
- the **percentage of people who used** the service (the percentage of people who expressed an opinion about it by selecting one of the rating categories, labeled “Usage Rate”)
- the **percentage of people who agreed** with a statement (rated as a 3 or higher, labeled “Agreement Rate”)

For the **average opinion** and the **satisfaction (helpfulness, importance, awareness, and agreement) scores, confidence intervals** are provided. The confidence intervals indicate the sampling error for each estimate at the 95% confidence level. Average opinion and satisfaction (helpfulness, importance, awareness, and agreement) scores and their associated confidence intervals are not reported if they are based on fewer than 25 respondents. For categorical response questions that do not involve ratings such as whether the student lives in University housing or how often computing problems prevent accomplishing daily work, data are not reported for the full question if they are based on fewer than 25 respondents and data are not reported for a particular category if at least one (1) but fewer than five (5) respondents selected the category. Data that are not reported are indicated by “N/A”. “Not Applicable/Do Not Use” responses were removed prior to the calculation of estimates, except for usage rates. Missing data and “Unsure” responses were excluded from estimates as well.

This summary includes data from 60 people who participated in the survey (11 Faculty, 10 Staff, 36 Undergraduate students, 3 Graduate students). Results were weighted to

reflect the total counts of those employed by the university (Faculty and Staff, combined) and students (Undergraduate and Graduate students, combined) at IUPUC in the fall of 2018. This helps to correct for overrepresentation of some subpopulations (for example, staff) and underrepresentation of others (for example, students) among those who chose to respond to the survey by bringing their representation in line with the total counts in the overall IUPUC population. Sampling error estimates account for weighting of the data.

It is important to note that some services are used only by certain subpopulations, so results are shown for the appropriate subpopulations. Subpopulations are indicated by FAC for faculty, STF for staff, GRD for graduate students, and UND for undergraduate students. In some cases, the scores are for groups of subpopulations, indicated for example by [GRD, UND] for services used by graduate and undergraduate students. Results are shown separately for multiple subpopulations where appropriate.

## General Services

1. Overall, how **important** are UITS systems and services to your work or study? [ALL]

Average (mean)	Importance Rate (%)
4.21 +/- 0.26	97.8 +/- 4.3

2. Overall, how **satisfied** are you with the services and support offered by UITS (uits.iu.edu) *during the past year?* [ALL]

Average (mean)	Satisfaction Rate (%)	Usage Rate (%)
4.41 +/- 0.24	94.9 +/- 6.2	100.00

3. How would you rate your computer expertise? [ALL]

Average Expertise (1=novice, 5=expert)
3.61 +/- 0.24

4. Do you live in University housing? [UND, GRD]

	Yes	No
Undergraduate	N/A	N/A
Graduate	N/A	N/A

5. Please indicate which of the following devices you use regularly to access UITS services. (Select all that apply.) [ALL]

	<b>Percentage checked</b>
Desktop computer	44.35%
Laptop	95.58%
Tablet	10.19%
Smartphone	58.69%

6. How often do problems with your primary computing device prevent you from doing your best work? [ALL]

<b>Response</b>	<b>Percentage</b>
Daily	N/A
A few times a week	N/A
About once a week	N/A
A few times a month	N/A
About once a month	11.55%
A few times a year	26.19%
About once a year	17.72%
Less than once a year	21.49%

7. What forms of support have you **ever** used when dealing with technology problems at IU? (Select all that apply.) [ALL]

<b>Response</b>	<b>Percentage checked</b>
Friend or roommate	33.02%
Family member	22.54%
Colleague	24.16%
Local (school or departmental) IT professional	44.40%
UITS Support Center telephone consulting	12.87%
UITS Support Center email consulting	12.10%
UITS Support Center chat consulting	11.29%
UITS Support Center walk-in consulting	30.81%
UITS computing lab consultants	N/A
UITS Webpage	10.57%
UITS Knowledge Base	10.62%
Other	N/A
I am always able to fix technology problems myself	N/A
None of the above	N/A

**Respondents who selected only one response for Question 7 were coded as “N/A” in Question 8 to reflect that they had already reported their primary (only) form of support.**

8. When you experience technology problems that you are unable to resolve on your own, which of the following do you use as your **primary** form of support?  
[ALL]

<b>Response</b>	<b>Percentage checked</b>
Friend or roommate	27.98%
